ANNUAL FLEA AND FLY FOOTBALL GAME TO TAKE PLACE SUNDAY, 30

Proceeds Will Go to St. Stanislaus Christmas Tree Fund, Serving the Community—This Will Be the Twenty-Fifth Annual Game By the Diminutive Contestants.

On November 30, the 25th annual Flea and Fly Game will take place at the Stanislaus Stadium. The game will commence promptly at 2:30 P. M. This game has always been well attended because of the fact that the proceeds go toward the St. Stanislaus Christmas Tree Fund. This game contributes greatly to the charity fund.

This classic was originally scheduled for the 7th of December, but due to the fact that the Biloxi Knights of Columbus will stage a game on that day for the same benefit, it was decided that the game be advanced a week. The game has always attracted a large crowd of parents and friends who enjoy seeing the "little fellows" play. This year a particularly large crowd is expected due to the fact that there are so many "lilies" participating in the affair.

Last Sunday a small game was staged at the Stanislaus field in order to see how the prospects for the big game looked and to see who would be chosen for each of the two teams. Finally both the Fleas and the Flies were selected for the coming Sunday event. Both teams seem to be well balanced in speed, power and size. Besides choosing the players' coach, each team was equipped with a satisfactory and capable coaching staff.

Although the fighters of this gridiron battle are only small lads, all the procedures of a regular varsity game are taken. This classic is one of the outstanding sport events of the football season; the reason being that it is a college game in miniature.

The coaches for the Fleas are: Mike Mitchell, Norman Toups, and Dan Evans. Their manager is Joe Morris. While Evans Brien is in charge of their publicity. The Flea roster is as follows:

Francis Schubert, Raymond Carrio, Joe David, Joe Reuter, Ray Davis, Frank Perrin, Jack Arnold, George Greco, Tommy Farr, Tony Carter, Walter Cleveland, Anthony Pitalo, Tommy Owen, Tommy Mobley, Charles Kiefer, Jeff Favre, Philip Kergosien, Ed Landry, Jimmy Straughan, Clement Bontemps, Gerald Kehoe, Claude Kohler, John Viguerie, Charles Ladner, Don White, Mooney Nally, Dan Viguerie, Anthony Fabacher, Roger Heitzman, Fred Foster, Albert Fayard, Lucien Gex, Henry Capdepon.

The coaches for the Flies are: Jack Perkins, Ernest Pettigrew, Vincent Gullotta. Their manager is Herman Ball. J. V. Cangelosi is in charge of publicity. The Flies roster is: Dupre Lepointe, Wally Bontemps, John Bonck, Karl Fasold, Teddy Schmidt, Earl Christenberry, Jean Bourdin, Kenneth Thompson, C. J. Piazza, Jimmy Simpson, Carl Johnson, H. J. Smith, E. J. Marengo, Tommy Cobb, Toby Scafide, Dickie Curran, Lev Ladner, Bobby Ohnson, Norbert Schmidt, Teddy Perrier, Robert Boh, Jack Carter, Bobby Hammett, Charles Staehle, John Hopper, Ray Hogman, L. Staehle, Jules de Barros, Landry, Charles Polson, T. Kehoe, Jerry Gilmore.

Recreational Director Thanks Donors Who Contributed For Piano.

Mrs. Margaret Backman, director of the Recreational Project in Hancock county, wishes to thank Mrs. A. P. Fournier, Mr. Terrell Perkins and Mr. Edmund Fahy, Jr., for donations generously given towards the purchase of a piano for the Community House on Third street which made it possible to purchase a player-piano in excellent condition which a generous citizen of Bay St. Louis sold the council at a very reasonable price.

Mrs. Backman also wishes to thank everyone who so generously contributed towards material necessary for freshening up the new soldiers lounge and adult recreational center in the Knights of Columbus Home, and especially the ladies of the Home Aid Project under Mrs. Extnice who made all of the curtains necessary.

WELCOME TO NEW MINISTER.

The Sea Coast Echo joins the community in welcoming to Bay St. Louis the Rev. A. M. Ellender, and Mrs. Ellender, from Brooklyn, Miss., to the pastorate of the First Methodist Church. He succeeds the Rev. V. L. Smith, who retired recently owing to needed rest from his labors. Rev. Mr. Ellender will take Bay St. Louis as his home and will have a large number of friends and family members here.

CATHOLIC YOUTH MEETING

Plans Completed for Dance This Sunday Night, at K. C. Home.

The Natchez Catholic Youth Organization met for their semi-monthly meeting at the Knights of Columbus Hall on Monday evening with a nice attendance and the president, Miss June Elliott, in the chair.

After routine business, plans were made for the dance to be given on Sunday evening, November 30th, at eight o'clock at the Knights of Columbus Hall with an admission of twenty-five cents a couple or thirty-five cents each to enable the organization to create funds for their treasury. All young people are invited to attend this dance which promises to be a gala affair.

The monthly communion for the organization will be on the first Sunday in December at seven o'clock mass at Our Lady of the Gulf Church and all members are reminded and urged to attend.

Greyhound Bus Company Shows Interesting Movies.

On Wednesday afternoon the Greyhound Bus Company gave a special showing of a 35-minute technicolor movie film entitled "Seeing America."

The special showing was at Hotel Reed in a specially selected darkened room, and the guests thus honored were members of the Bay St. Louis Rotary Club.

This film is officially recognized by government officials as one of the three best of its kind. American scenes are now in process of showing in the Latin American countries, and has chamber of commerce endorsement.

The theme of the film is America—scenes and history. The singular yet actual fact is that there is not a scene of similarity in Europe not to be found in America. The Dutch women and tulip growers are found in the States north of the Great Lakes; the pyramids in Missouri; not far from St. Louis, etc.

Washington the Capital, New York with its tall buildings, California are all elaborately treated in color and described historically correct. The story, serving as the vehicle, is a learned young American scholar traveling by bus, and the beautiful young dumb thing that imposes her presence and asks more questions that shows, after all, she is not dumb. The pictures are splendid, educational and reminds one of the Chinese proverb that one picture is worth more than ten thousand words or thereabouts.

E. P. Exnicios Hurt at Pass Christian In Traveling in Truck.

Friday Mr. A. C. Exnicios' family received a telephone message from Gulfport Kings' Daughters Hospital, inquiring if Mr. Exnicios residing there was the same and one person injured near Pass Christian in a truck accident.

Fortunately for our friend, it was not the same Exnicios, but a gentleman whose social security card gave his name as Everett P. Exnicios, residing in the Clermont Harbor vicinity.

The truck in which he was traveling was reported to have skidded and left U. S. Highway 90, throwing the man from the vehicle. Lang's ambulance rushed him to the Gulfport hospital. His condition was reported as undetermined at the time, and later reports are to the effect his condition is still critical. Further particulars as to his exact place of residence if he had family were unobtainable at this writing.

LORENA FLOWER SHOP SUPPLIED FLOWERS.

The lovely queen bouquet and bouquets carried by the maid of honor and other maids were flowers of unusual color and beauty and of the most tasteful arrangement. All flowers for the Harvest Ball were supplied by the Lorena Flower Shop, 222 N. Main Street, and which is owned by Mrs. Lorena Flower.

ANNUAL COLLEGE HARVEST BALL SCORES OUTSTANDING SUCCESS

Miss Betty Hubback, Chattanooga, Is Lovely Queen—Charles Hines Is King.

The seventh annual Harvest Ball sponsored by the student body of St. Stanislaus College was held in St. Joseph Memorial Hall on Wednesday evening which was a beautiful event of the school season and enjoyed by a large audience.

Before the opening of the ball proper, a number of beautiful dances were rendered by pupils of Miss Dorothy Tudury, Miss Patsy Gex, in a beautiful Hawaiian costume, did a dance which was outstanding and Miss Gaynel Gex also danced beautifully in a Hungarian costume. Eunice and Evelyn Tudury and Emily Claire Murtagh, attired in pretty Gypsy costumes, danced a Gypsy trio.

The ball was really a Harvest Ball with the stage transformed into a barn with hayrack, wagon wheels and large pumpkins and fruit stored therein. On either side of the stage were set large cornucopias of fruit. The stage decorations were handled by Mesdames Dennis F. Burge and Louis F. Maumus who did an admirable job of the decorating.

Especially pretty also were the flowers which the maids carried, bouquets of vari-colored chrysanthemums arranged in three sections and with large frill surrounding the bouquets, and they were selected by Mrs. E. C. Carrere, as well as the queen's bouquet of red roses.

To the strains of "Shine on Harvest Moon," the court made its entry and the maids were escorted by the floor committeemen to their dukes on the stage, each girl beautifully dressed in gowns of pastel shades and also darker colors. The maid of honor, Miss Gloria Benigno, was beautifully attired in a dress of gold colored net with waist of gold metallic cloth and carried a large bouquet of bronze chrysanthemums. Felix (Doc) A. Blanchard was her duke of honor.

The young queen, Miss Betty Hubback of Chattanooga, Tennessee, was one of the prettiest queens yet to reign at a ball and was beautifully dressed in a white net dress trimmed in silver sequins. She carried a most beautiful arm bouquet of American beauty roses which enhanced the beauty of her dress and her youthful loveliness. Her king, Charles Hines, a boarding student, was handsome and regal in his formal attire and met his queen with the dignity of true royalty.

Temple Perkins and Karen Kergosien served as train bearers and pages were Barbara Ann Flink and Catherine Benigno, Kinta Kergosien and Patsy Shadoin.

After the crowning of the queen, the grand march proceeded about the large hall and much applause greeted the beautiful procession of young people to which so much grace and color of costume presented a gorgeous scene.

The first few dances were reserved for members of the court, after which dancing became general and lasted until midnight. Alexander's Swingtime Band from New Orleans provided music for the occasion.

The court was composed of the following young people:

King, Charles Hines.
Queen, Miss Betty Hubback.
Duke of Honor, Felix A. Blanchard.
Maid of Honor, Miss Gloria Benigno.

Hugh Martin Kiefer and Frances Speer, Oscar Pacheco and Aubrey Teas, C. J. Guidry and Betty Walker, Sidney Farrell and Rose Mary Rollins, Vincent Gullotta and Betty Chauvin, Walter Rowley and Betty Lee Mitchell, Sonny Garmes and Beverly Davis, Jeff Choquet and Ann Spinkley, Evans Brian and Raye Vainir, Peter Benvenuti and Audrey Deloit, William Waters and Mary Margaret Schmidt, William Landry and Jean Robin, Nellus Pavre and Colleen Moloney, Tracy Hendrix and Betty Gilbert, Guy Drew and Gloria Sauter, Gaines Kergosien and Mary Frances Scafide, Kenneth Wintz and Joyce Arnold, J. T. Prosser and Lynn Nolan, Ralph Chauvin and Eleanor Swanner, Joseph Cimo and Betty Barber.

Court Committeemen: Mesdames E. C. Carrere, Theo Tudury, Ernest Spencer, A. P. Smith, Rhea Bonck, F. R. Curran.

Floor Committeemen: Messrs. E. C. Carrere, L. W. Peppergreen, Russell Elliott, Luke Elliott, Andy Becker, Dennis F. Burge, Rene de Monluzin, Rusty Anderson, H. W. LeTissier, Dr. Louis Matamus, Dr. B. L. Ramsey, Dr. A. P. Smith, Wm. G. Simpson, J. Roland Weston, Leo Seal, Walter J. Gex, Lucien M. Gex.

A feature of the evening was the solo, "Shine on Harvest Moon," rendered by the baritone voice of Mr. Ben Hillie, of Bay St. Louis.

Bro. Alexis, vice-president, speaking for the college, thanked one and all in a most profound manner for their assistance in making the affair the double success that it was—both artistic and financial.

TOYS TO ADMIT CHILDREN

To Movie Shows At Orthe Theater—Scouts to Repair And Distribute Toys to Needy Children.

Under auspices of Bay St. Louis Rotary Club, Orthe's Theater will admit every child free of charge bringing a toy, regardless whether the toy is old or new, provided it is a toy in good condition and that may be given to some underprivileged child during the Christmas holidays.

Children will be admitted on Wednesdays and Thursday of each week until Christmas under this arrangement.

In turn, thanks to the generosity and enterprise of Mr. Edward P. Orthe, owner of theater, the scouts of Bay St. Louis in combined group will distribute the toys at the time and place to be announced later by The Echo.

Sheriff Horace L. Kergosien has been appointed chairman of the Rotary Committee for distribution and arrangement of details, with E. S. Anderson as chief deputy assistant—Mrs. J. B. Goldman and other ladies will assist in the work.

This will in no way interfere with Bro. Peter's annual Christmas tree as it is intended that while local children may participate in receiving toys the distribution is principally for the children of the rural districts of Hancock county—the forgotten and underprivileged ones. Transportation will be supplied for the children or toys will be delivered to their homes.

Mr. Orthe has been most generous in this proposition and proves that he is running to true form on any and all occasions. This again characterizes him as one of our most progressive and benevolent of citizens always ready to help and to do more than his share. We also commend the Rotary Club.

Several prizes will be given to the boys and girls bringing the best toys, new or old. These prizes will consist of one grand prize, one prize each for the boy and girl bringing best toy, and a number of passes to Orthe's Theater ranging from a month's pass to passes for one show. Children contributing toys are requested to tag each one with his or her name and address in order that judges might know to whom prizes shall be awarded.

Toys collected will be turned over to the scout troops for any repairs that may be needed, and will be distributed to the poor and underprivileged children of Bay St. Louis and Hancock County for Christmas.

This is a very worthy cause and the cooperation of every child and adult as well is solicited. Do your part and also urge your friends to do theirs in order that the Christmas spirit may be felt in many homes where otherwise there would be no Christmas.

Pays Tribute To Coach "Pete" Burge.

Bay St. Louis Rotary Club, at its regular Wednesday meeting this week, paid glowing tribute to Coach "Pete" Burge, St. Stanislaus College football squad, for the excellent and successful training of the town to the extent it played throughout the season, undefeated and untied.

In fact, to the extent it won playing in the New Orleans T. Bowl game, taking place this Friday evening.

The speaker was Rotarian Lucien M. Gex, city attorney, who took occasion to say the Club shared with justifiable glory in the achievement of its fellow Rotarian, since Coach Burge is a member of Rotary. Any member who had reached achievement reflected credit on the club, and Mr. Gex further said it was well not only to honor Mr. Burge (and his family) but to give honor to whom honor is due.

The club voted and accepted a new member, thus its number increases.

Military Maids Entertained Soldiers With Barn Dance Wednesday at K. C. Home

The Military Maids, active young organization of young ladies who plan for soldier entertainment, entertained on last Wednesday evening at the Woodmen of the World Home, at a bar dance which was one of the many nice affairs they have given.

The decorating committee deserve special credit for the splendid job they accomplished in transforming the hall into a barn with moss and balloons all about the hall. A large turkey had been arranged on the stage and in the center of the hall had been placed a wheelbarrow filled with hay on top of which were hard boiled eggs which were served with sandwiches, doughnuts and coffee.

A Virginia reel was gracefully danced by the young people and music furnished by record player of Eudredge Hetwick provided dancing until a late hour.

RESIDENT DIES AT WAVELAND

Alphonse Delbert, 77, Dies Suddenly at Home in Waveland.

Alphonse F. Delbert, 77, died suddenly last Friday at his home in Waveland. A native of Thibodeaux, La., he had resided in New Orleans for several years, but was a summer resident of Waveland for many years, and had been a permanent resident since the death of his two sons, Harold and Pierre in the last World War, during the latter part of 1918. He was the husband of the late Aimée Gruenberg Delbert, who died several years ago.

Mr. Delbert was at one time connected with Tulane University as a teacher of English. He had patented a special sugar mill and constructed mills in Texas, Louisiana and Cuba. Funeral services were held Monday afternoon at 3 o'clock from the House of Bultman, St. Charles and Canal streets, New Orleans, with interment in Metairie Cemetery. He is survived by a daughter, Mrs. Robert A. Strong, Pass Christian and one grandson, Delbert Strong.

Mr. Delbert was prominently known locally, while of New Orleans he resided in Waveland for many years—a place he was very fond of. He was a neighbor of the A. F. Four-nier and E. M. Spence family, who came to his rescue when they immediately learned of his illness. He had seated himself in a rocking chair and passed away in that posture before medical aid arrived.

Mr. Delbert was one of the finest gentlemen we knew; he had loads of friends, and although advanced in years, his passing nevertheless causes much sorrow.

The death of his two manly sons, only a few days apart, of flu in October 1918, recalls one of the many tragedies of that time, when the young people were the principal victims of the epidemic.

Over Nine Hundred Special Thanksgiving Lunches Served—At Kiln Two Hundred, Sixty-Two Turkey Lunches Enjoyed—W. P. A. School Meals Score Successfully.

On Wednesday, November, 19, Thanksgiving was celebrated in all WPA Lunch Rooms in Hancock county. Special lunches were served to children and teachers and the rooms were decorated with flowers and autumn leaves.

Many interested visitors were in the units during the morning, offering their services. These visitors were interested in the special menus being served on that day and the number of children who were to be served.

About 900 lunches were served to children and teachers. In Kiln unit, the Home Economics teacher and her class assisted the workers. 202 lunches were served in that one unit.

The annual all-star football game played for the benefit of Brother Peter's Christmas tree has become more popular each year. In previous years a team from Pass Christian played a team from Bay Saint Louis at St. Stanislaus Stadium, and was sponsored by the local Knights of Columbus. This year, however, the Knights of Columbus of Bay St. Louis have joined with the Knights of Columbus of Biloxi as co-sponsors of the game and it will be played in Biloxi. The proceeds entirely to be divided for the benefit of the Biloxi Xmas tree fund and Brother Peter's Xmas tree fund. From the receipts of this game each year many a child is made happy for Christmas who would not be otherwise.

The two teams are made up of past high school and college stars. The Bay St. Louis team will be made up of stars from Bay St. Louis Pass Christian and Gulfport and the Biloxi team will be composed of star football players from Biloxi and vicinity. Each team is now having daily workouts and from all indications they will be in top shape for game time. The workouts of both teams are open to the public until after Sunday and each team is permitted to scout the other unit that time but after the deadline the gates will be locked and all future practices will be strictly private.

The local team is coached by Clay Boyd, Bay High coach, with the able assistance of Pete-Burge, coach of the St. Stanislaus Rockchaws; Coach Vincent, of Pass Christian High and Tommy Glass, assistant coach, Bay High. Dr. M. J. Wolfe, is team physician.

Vincent Morreale is manager of the team with the able assistance of Herp (Tut) Monti. Tut has succeeded his brother Gene Monti who was a star player in previous games, but will be unable to participate in this game inasmuch as he is now serving Uncle Sam.

ST. STANISLAUS TO PLAY IN TOY BOWL.

NOT only football fans but friends of Saint Stanislaus college generally, and that means Bay St. Louis as well since the success of one means the success of the other, are gratified to learn that again, for the second time, St. Stanislaus college football team has been selected to play in the Times-Picayune annual Toy Bowl game, benefit Christmas tree fund, to take place at New Orleans on the night of Friday, December 5, City Park stadium.

The competing team to be signally honored is from McComb, Miss., the "Tigers." Both the Rockchaws and Tigers have been undefeated and untied during the entire season. They are champions and we may look forward to Friday night of next week to a game of equals.

We congratulate St. Stanislaus College, the young men composing the squad and their coach, Mr. "Pete" Burge, on the signal success attending the games throughout the season and the hope is expressed and cherished that they may achieve continued success when they meet the other Mississippians.

HANCOCK W. P. A. LIBRARY.

BAY St. Louis and Hancock county people, as a whole, are exceptionally fortunate to enjoy the advantages afforded by the local W. P. A. county library, serving the public.

The best evidence of the success of the library and its management is that it is popular with the masses. Men, women and children patronize it extensively. There are books for all, on many subjects, something to satisfy the minds and tastes of young and old.

Our library is a valuable asset to our people and we are glad to note the splendid advantages it offers are being embraced. We also note the usefulness of the library is expanding all the time. This is judged by the constant increase of new books. We doubt if there is a town of the size of Bay-Waveland section able to boast of a library offering the public so much.

FALL SEASON IS RICH.

POETS rave about Spring. But the fall season is not to be sidetracked. Just now Bay St. Louis and vicinity is abloom with fall flowers in colors of varied and rich hues. The chrysanthemum seems to predominate. Colors run riot in the yards of a number of private homes. The dahlias and other fall flowers run a close second. This is the harvest season. The fall garden, pecan orchard are rich in yield. It is well to realize these things that nature lavishly gives in order we may have a better appreciation and be conscious of the gifts of fall.

The huge expansion of the aircraft industry has caused a shortage of skilled aircraft tradesmen and in order to meet future demands along this line the U. S. Army Air Corps is offering a special opportunity to young men between the ages of 17 and 25 to learn an aircraft trade. The first appointment to be given these young men will pay them approximately \$60 a month. At the successful completion of a six months training period it is planned to promote the trainees to the position of Junior Aircraft and Engine Mechanics at a salary of \$1680 a year. Further opportunity for advancement will be excellent for the young men who show aptitude for study and development.

The State Forester has announced that his department still has on hand for the shipping season between November 15 and February 15 three million seedlings for forest planting. Prices depend on the number of seedlings purchased, but the range is from \$1.70 to \$3 per thousand delivered for pine, and \$2 to \$3.50 for locust and other hardwood. They have available at this time the following varieties of pine: Longleaf, slash, loblolly and shortleaf. Black locust, ash, cypress and catalpa. Anybody interested in reforesting would find it to their advantage to communicate with Albert A. Leggett, State Forester, Jackson, Mississippi. Mr. Leggett is making an effort to conserve evergreens, suitable for Christmas trees and other forms of decoration.

A Choctaw farmer planted 17 acres of squashes while his neighbors smilingly asked him what he was "going to do with them." They got their answer last week. He sold his crop at a profit of more than \$200 an acre. Now we suppose Farmer Buckwalter is smiling while his neighbors are doing a lot of thinking. People are like that.

Hunters who shoot when the bushes move sometimes kill their friends.

Helping other human beings, in the battle of life, is just as heroic as rescuing the victims of misfortune.

Advertisers in The Sea Coast Echo know that they get their money's worth when they pass it along to their customers.

Every year about this time, we call attention to the forward looking youngsters who can tell you how many days it is to Christmas.

SUPPLIES MUST REACH RUSSIA.

THE importance of the Russian front again cannot be overestimated; it is the one hope of shortening the duration of the war.

The problem that confronts Russia involves supplies. The German advances have undoubtedly crippled the Soviet industrial capacity which means fewer planes, tanks and guns for the Red Army.

In view of the industrial capacity of Germany and occupied Europe, the Russian position would be hopeless except for the efforts of Great Britain and the United States to make good, as far as possible, the lost industrial output.

While there are production troubles in Great Britain and the United States, the greatest difficulty in supplying the Red Army involves transportation which includes ships and sea-ports. Despite her vast area, Russia is short of usable harbors. Most of her coastline is North of the Arctic Circle, where much of the sea is ice-bound most of the year.

The hope of delivering sufficient goods to preserve the Russian front depends upon three sea-ports, despite disadvantages that involve each one of them. Archangel, in the North, is beset by ice and vital railway lines from the port to the interior must be protected. Vladivostok, in the Far East, is menaced by the Japanese and there are reports that the port is already clogged with freight which the Trans-Siberian Railway is unable to move.

It is generally believed that the great bulk of British and American supplies must go from the Persian Gulf, across Iran to Russian ports on the Caspian Sea. The route is by no means modern and although efforts are being made to improve its capacity, military experts realize that there is a race against time involved.

Certainly, the United States will send war material to Russia, using such ports as are available. There should be no misunderstanding of our motives in this country. We are not aiding the Russians. Committed to the defeat of Hitler, this nation seeks to keep the Red Army fighting in the hope that a successful resistance by the Red Army will limit our participation in the world-wide struggle.

HUNTING TRAGEDIES.

THE hunting season is on in Mississippi and in a few days you will be hearing about accidental deaths among persons out in forest and field in quest of game, says the Jackson Daily News.

And yet there are not extra hazards in hunting if those who engage in this outdoor sport will use simple precautions when handling firearms. Many hunters live long because they observe safety rules in regard to loading and pointing their guns. Care is especially essential in crossing fence and in walking through low brush that may catch a gun and accidentally pull the trigger.

It is estimated that nearly 75 per cent of the death toll from firearms accidents can be eliminated if hunters will use the precautions that nearly all of them already know. In the case of youngsters who are going out with guns for their first season, parents should make sure they know how to handle a gun safely and realize the importance of doing so at all times.

DIRIGIBLES IN THE NAVY.

THE misfortunes that dogged the use of rigid airships by the Navy has not prevented the development of a non-rigid type of dirigible, which is being successfully used for scouting in waters where there is no danger of attack from the air.

The Navy now has ten lighter-than-air ships in service. Six on patrol duty and four are used in training. Twenty-four others are under contract and three new dirigible stations will soon be added to the Lakehurst, N. J., base, where crews are being trained. The new ships will be 250 feet long and carry crews of eight men and officers.

The blimps are expected to release many large patrol ships for service in vital areas while they patrol relatively quiet sectors. Experts say they are well adapted for submarine spotting.

NEW SCOUT TROOP FOR PASS.

TUESDAY, December 2, is the date selected for the installation of the new Boy Scout Troop at Pass Christian, recently organized under auspices of Pass Christian sponsors.

From a news article appearing elsewhere in The Echo we note where the event will be celebrated in due style, according to program. Pass Christian formerly had an organization of this kind but because of a combination of unavoidable circumstances, the troop finally passed out. However, our friends across the Bay are equal to the times and have reorganized in a manner that bespeaks success. Much enthusiasm has been aroused and the membership is large and promises to be a most active one.

Our congratulations to Pass Christian. We are also glad to note the bond of unity and friendship evidenced in this co-operation by the two cities.

AN EXAMPLE.

FROM Honolulu comes an item that might help some citizens of the mainland who are always seeing spectre in connection with all new legislation.

Commenting upon the bill to authorize the President to declare martial law in Hawaii and Puerto Rico, the Honolulu Advertiser says there is little danger that the Army and the Navy wants to take control of the islands. It brands as "poppycock" the suspicion that the Army and Navy are "in constant ambush" to succeed civilian government and adds that, in time of danger, the services will defend civil rights in Hawaii just as they would in Massachusetts.

Delta turkey producers are making a nice profit on their turkeys this year. Turkey raisers in the four leading counties of Nottoway, Kemper, Lowndes, and Oktibbeha received approximately \$15,000 when five cars of Thanksgiving turkeys were sold to the highest bidder at the annual Northeast Mississippi Cooperative turkey sale at State College this week. All the turkeys went to eastern markets.

Hollywood Echoes.

IT was with a good deal of trepidation that MGM took Shirley Temple on for a single picture. However, when "Kathleen," Shirley's new picture was previewed recently, it was revealed that she marched away with one scene after another, practically stealing the show from such expert actors as Herbert Marshall, Laraine Day and Gail Patrick. She exhibited a new, personal charm and excellent acting.

Another actress whose studio had consigned to the box-office graveyard was Sonja Henie. Imagine Twentieth Century-Fox's surprise then when her last picture for that studio, "Sun Valley Serenade," proved that she is a bright new find in the comedienne field. As a result, instead of being dropped, she has been given a brand new contract.

Tyrone Power recently admitted that he made it a habit to rehearse all love scenes in his films with his wife, Annabella. She played Rita Hayworth in his "Blood and Sand," Betty Grable when he played in "A Yank in the R. A. F." and Francis Farmer in his current, "Son of Fury."

Paramount tried to get Madeline Carroll to help them persuade Stirling Hayden to change his plan of abandoning Hollywood and his screen career, but she wouldn't. Her heart doesn't lie in his direction.

Don't guess you remember it, but Claudette Colbert and Ginger Rogers made their film debut in the same picture, which was "Young Man of Manhattan."

An effort is being made by Twentieth Century-Fox to sign up the whole Brooklyn Dodgers team to appear in "Dem Lovely Bums," in which Pat O'Brien is to be starred. Manager Leo Durocher will be asked to act as technical adviser.

While rehearsing for his role as the late inventor, Thomas A. Edison, Spencer Tracy spent so much time developing Edison's mannerism of pulling an ear that now it has become one of his own mannerisms.

Remember, a few years ago, an actress who made a name for herself in her first movie—Charlotte Henry, who played the role of "Alice" in "Alice in Wonderland." Well she's now on obscure bit player at one of the studios.

Sidney Toler, who ascended to the Chan throne after the death of Warner Oland, wants to form a company to produce the Charlie Chan Oriental detective series which Twentieth Century-Fox has announced it will discontinue.

When Babe Ruth demanded \$25,000 to play himself in the projected Lou Gehrig picture, the studio decided he wasn't the type. However, deciding they couldn't very well get along without him, they signed him up.

Add interesting facts: The title, "The Lady is Willing" was changed to "The Girl is Willing" because in the picture "the lady" wasn't no lady.

When Alice Faye refused the role offered her in "Down Argentine Way" it was given to Betty Grable. The roll made Betty an established star and—Alice angry?

Personal and General News Notes of the Week From Sister City and Vicinity.

Schools of Past, Present, Future Interest Pupils

Waveland in America have the greatest educational opportunities ever enjoyed by any people. Shortly after the founders of our country arrived on these shores they began the foundation for our present educational system. Log cabin schools with their pine benches. Today most schools are modernly equipped. Speed, progress, efficiency, are the order of the day.

In recent days pupils and teachers have been thinking about schools of the past, present, and future. Our instructors of today are learning how to make instructions more attractive, how to make school really enjoyable. Education can never be static, it must be growing, living. The greatness of a nation depends upon the intelligence of its people. Americans must keep their nation great.

COMEDY AND THRILLS IN COMING SOUTH SEA DRAMA

"Aloma of the South Seas" At A. & G. Theater, Sunday and Monday.

Said to be the motion picture spectacle of the year, "Aloma of the South Seas" opens at the A. & G. Theater Sunday, featuring among other exciting highlights, a movie duplication of the historic eruption of Krakatoa—a volcanic eruption that ravaged a tropical island in 1883. Thousands lost their lives in the quake and tidal wave that followed. Its reverberations were felt half around the world and the seas it stirred up rolled as far as the English Channel.

Such is the setting which stars Dorothy Lamour and Jon Hall in what is perhaps the biggest all-Technicolor South Seas spectacle film. According to the Lamour fans who attended the film's Hollywood preview, Dorothy's experiences in "The Hurricane" and "Typhoon" are as tame as riding through Central Park compared to the damages she's exposed to in her role as "Aloma."

It's a highly romantic thriller of native life on a paradise isle with chants, music and tribal pageantry that lend stirring effects to the melodrama, itself. Dorothy finds herself torn between her love for the tribal prince, Jon Hall, and his villainous cousin, Philip Reed. Lynne Overman, the tribe's friendly white man, has his hands full trying to keep the two husky youths from killing each other. Intruding upon the ceremonies of the High Priest's sacred rituals, Reed machine-guns the holy man by mistake, and causes the dreaded curse—the awakening of Samara, the sacred Fire Mountain, to erupt. The entire cast, including hundreds of native-born natives, participated in the thrilling climax when the crater explosion practically blows the entire island off the map.

Broad comedy, furnished by the inimitable Lynne Overman, serves as a brother between breath-taking thrills. Dorothy and Jon are said to top their memorable performances in "The Hurricane." And those who are fashion-minded can look forward to seeing something new—Lamour's "pareau"—a streamlined Tahitian sarong, more form-fitting and colorful than its predecessor.

Mr. Eastland emphasized some of the attitudes he had expressed on the floor of the senate, with reference to discrimination and unjust treatment of the South in the matter of tariff, freight rates and other things which have seriously handicapped the southern states in recovering from the heavy blow of the War between the States.

"THE STARS LOOK DOWN," GRIPPING DRAMA AT ORTIE'S

Theater, Sunday - Monday; Based on Novel by A. J. Cronin, Author of "The Citadel."

Thundering drama and poignant heart interest come Sunday and Monday to the Ortie Theater with the showing of "The Stars Look Down," filmed from the widely-read novel by A. J. Cronin, author of "The Citadel" and hailed as the greatest picture ever filmed in England, whence Metro-Goldwyn-Mayer also brought "The Citadel," "Goodbye, Mr. Chips" and other hits.

Dealing with the lives of Welsh coal miners, their work underground, the efforts of an earnest young miner and student to better their conditions, it is climaxed by a mine disaster in which tons of water inundate hundreds of men, while others, caught in stone pockets, are doomed. The disaster scene, with its frantic rescue squads and hordes of anxious women and children, gathered above ground waiting news of their lost ones, is a sequence of stark realism.

The hero is Michael Degraeve, young star who rose to note with Elizabeth Bergner in "Stolen Life." A glamorous new feminine star is introduced in Margaret Lockwood, who has scored in "The Lady Vanishes" and numerous other pictures, and who, it is claimed, will captivate audiences in "The Stars Look Down" much as Vivian Leigh did in "A Yank at Oxford." Emyl Williams, of "Night Must Fall" fame, Nancy Price, great English character actress, Edward Rigby and many other noted English players appear, directed by Carol Reed.

"The Stars Look Down" is the last picture to be made before the war, being finished only twelve hours before war was declared.

—Mayor Blaize, recently undergoing a major operation, is recovering nicely and is able to be up and about to some extent. On Wednesday Mayor and Mrs. Blaize motored to New Orleans, accompanied by their son, Bernard, to see his surgeon for a kind of checking over. Friends will continue to feel satisfied at his continued improvement. He misses being out and about but not more than he misses being down at his accustomed place in the city hall and about making his rounds to see how things are going over the city as his wonted custom every day.

—Miss Patricia Robin is to spend the week-end in New Orleans and will be the house guest of Dr. and Mrs. Edwin Socolo, of that city, who spend the summer at her home on Waveland beach. Miss Robin will be a member of the party to attend the Tulane-L. S. U. football game.

—We are glad to learn that Mr. Charles Traub, Jr., former secretary-treasurer of the People Federal Loan and Savings Association, who was forced to resign his position recently in order to stay at Sanatorium, Miss., for treatment for his failing health, that he is responding to treatment and that his condition is improving to an extent that is encouraging.

—Mrs. George R. Rea, and sister-in-law, Miss Decima Rea, left Tuesday morning for Wesson, Miss., to be present at the Rea Homestead of Mr. and Mrs. James S. Rea for observance of their sixty-third wedding anniversary. Owing to recent bereavement in the family there was no celebration, but simply a family reunion of the large family and a family dinner.

—Mrs. Ethel Moloney and her daughter, Colleen, arrived here on Wednesday evening, Miss. Moloney coming to participate in the court of the Harvest Ball and remaining until Thursday morning. Mrs. Moloney and her daughter, Colleen and Patricia, spent the summer here and participated in many of the affairs given for the boys and girls of the high school set.

—The Gulf Chevrolet Company has put in a stock of auto, bicycle and general parts for the vehicles, including hand tools, the kind handy in daily use. It is quite a stock and pleasing display, one that is both appealing and intelligent. When in need of small hardware of this kind, "See Al Voight Today."

—Mr. A. D. Landry arrived on last Thursday from Talara, Peru, where he is connected with the British Petroleum Company there for a stay of several months with his family here at their home on Carroll avenue. Mr. Landry made the trip by clipper plane to Miami, Florida, and thence by bus.

—Quite a number of gifts that delight the heart of typical little boys found way to the home of Mr. and Mrs. H. C. Glover at Front and Citizen streets. It was the fifth birthday of Master John Glover, grandson, who is counting the days when he will be old enough to go to school. John is the son of Mr. Cyril Glover and the late Mrs. Hermoine Perkins Glover, and is an adorable child beloved by all who know him.

—Our municipal gas service serves in good stead and to advantage these cold nights and mornings and repeatedly we thank the city for its progressiveness and determination to install natural gas in Bay St. Louis. This improvement has proven a great boon in more ways than one and has not only proven a source of comfort and convenience but a boon to values and an impetus to Bay St. Louis as a desirable place in which to live.

—The blackout in Bay St. Louis and along the Mississippi Gulf Coast as defense measure is all very good and there are none who are not gladly co-operating. But for the holidays there should be some kind of an exemption, if it is not asking too much. Christmas season is at hand, the biggest business season of the year, and our cities and their merchants are going to be mighty handicapped to say nothing of the street decorations and private premises lighting. There will be no Christmas tree nor doorway decorations and business will not be "business as usual." The Echo has not been told so, nor have we authority for so thinking, but we are of the opinion, based on a slight suspicion, the ban will be temporarily lifted. That it should seem most reasonable, that is, if not at too great a cost and sacrifice.

Webb School to replace Miss Mildred Wheat who resigned to take a position as junior hostess at Keesler Field. Mr. Dubuisson is a county product, fully equipped by study and experience to assume the duties at Central. —Mr. and Mrs. Jules Burg and family this week moved into their new dwelling just completed by Contractor and Builder Horace Farr, on North Beach, in that desirable section known as the former Perkins residence. The dwelling is of the latest design and the interior a marvel of comfort and all that the genius of man has created for a family home. Another structure of the kind is to be started early on the same side street, with foundation material already on the ground by M. A. Phillips. All material for the Burg home was supplied by the Magnolia State Supply Company.

—Mr. and Mrs. Octave Delph, recent purchasers of one of the choice building lots in de Montluzin avenue, gave the contract last week to James Larue for the building of a six-room dwelling and garage, which structures have already gone into building and to be occupied by Mr. Delph and family as soon as the dwelling is constructed. It is located on the afternoon shady side of the avenue and between Beach Boulevard and Second Street, closed to the latter. It is expected other dwellings will follow at no distant future. W. A. McDonald and Sons are supplying the building material.

BEAUTIFUL WEDDING THURSDAY MORNING AT CATHOLIC CHURCH

Miss Angeline Bourgeois Becomes Bride of Mr. Jake Morreale.

The wedding of Miss Angeline Bourgeois, daughter of Mr. and Mrs. Randolph Bourgeois, and Jake Morreale, son of Mr. Jake Morreale, Sr., and the late Mrs. Morreale, was solemnized at a nuptial mass at Our Lady of the Gulf Church at ten o'clock on Thursday morning and a large crowd filled the church to witness the ceremony.

The altar was beautiful with vases filled with pink, chrysanthemums and white bouvardia and sprays of greens while down the center aisle were placed at every few pews large baskets filled with the same flowers.

Sacred music was rendered by the choir of St. Paul's Church from Pass Christian for the ceremony.

Miss Bourgeois was very pretty in a white satin gown made with tight fitting waist trimmed at the neck and waistline with silk lace and a skirt made bouffant with long trail. Her veil of illusion was held in place by a wreath of seed pearls and she carried a large bouquet of white bride's roses. She was given in marriage by her father, Mr. Randolph Bourgeois.

The maid of honor, Miss Ida Larosa of Pass Christian, was dressed in peach colored crifton. The matron of honor, Mrs. William Bordages, wore nice green chiffon and carried talisman roses. Three other maids, Miss Margie Green, Miss Pearl Larosa and Miss Mary Marengo, were all attired in chiffon gowns of blue, orchid and rose and wearing finger veils held to their hair by small sprays of flowers, carried small old-fashioned bouquets of vari-colored flowers.

Mr. Morreale had as his best man Mr. Frank Chiniche and the ushers were Messrs. Arthur Perez, Russell Elliott, Mike Rodgers and Lawrence Starita.

Little Mary Frances Ladner served as flower girl and was pretty in a white satin gown made similar to the brides and carried a small old-fashioned bouquet.

The ceremony was performed by the Very Rev. Father A. J. Gmelch. After the ceremony, a large reception was held at the Knights of Columbus Hall on Main Street to which a large number of persons were invited.

Mr. and Mrs. Morreale left on a wedding trip to Alabama and afterwards will be at home in a cottage on the Old Spanish Trail.

Both young people are well known here and on the Coast, Mrs. Morreale having graduated from St. Joseph Academy last June and Mr. Morreale a graduate of Bay High School and presently with the Mobile Express Company.

Mrs. Morreale chose for her traveling costume navy blue with black accessories.
